Japanese Hospitality -April Program of Events-

For the month of April, we are hosting many events that highlight the unique aspects of Japan to offer travelers from overseas to experience our culture and wish them to visit us again. These will include workshops of variety of traditional Japanese craftpersons and a Boys' Festival doll exhibition. Please refer to the attachment for more details.

Japanese Occupation Workshops

NEW

This is a program planned and held in collaboration with "Yume Rakuza Project" offering customers a chance to choose and try their hands at a variety of craftpersons related to traditional Japanese crafts, culture and performing arts, according to their own interests and preferences. These will be genuine practical courses led by experts who actually work in the profession. Please refer to the attachment for details of the program.

Boys' Festival Doll Display

Boys' Festival dolls will be put on display to celebrate the festival on May 5. The dolls are displayed during the festival to celebrate the birth of boys and pray for their healthy growth. The armor and helmet symbolize the hope that boys will be protected from harm.
