## China Southern Airlines Launches Narita – Shanghai Pudong Service on 27 October and Shenzhen Service on 29 October

China Southern Airlines (IATA code: CZ) will commence a new service from Narita to Shanghai Pudong on 27 October 2019 as well as a Narita-Shenzhen service on 29 October. CZ currently operates from Narita to 7 destinations in China (Zhengzhou, Changchun, Changsha, Dalian, Harbin, Shenyang and Wuhan). The new services will bring that total to 9 destinations, giving the airline the most Chinese destinations from Narita.

Shanghai is China's largest international city with a unique cityscape in which clumps of high-rise building symbolize the city's powerful economic growth standing alongside historical, traditional architecture. Shenzhen is China's Silicon Valley and home to a large number of high-tech corporations and startups.

Narita Airport will continue to expand its network to offer more convenient selection of flights and destinations for our customers. Please take advantage of Narita Airport's extensive flight network, now even more with the CZ's Shanghai-Pudong and Shenzhen service.
