ZIPAIR to Launch New Narita – Singapore Service on 7 September 2021!

ZIPAIR (IATA code: ZG) will launch a new passenger service from Narita to Singapore on Tuesday, 7 September this year. ZIPAIR currently operates the Narita-Seoul, Narita-Bangkok and Narita-Honolulu routes, with the Narita-Singapore route being the fourth route for ZG.

* Honolulu route resumes on Wednesday, 21 July 2021.

With aircraft equipped with full-flat seats, extensive in-flight Wi-Fi and free entertainment amongst the services it provides, ZIPAIR offers a new style of travel in the age of the new normal with high-quality flight time and improved infection prevention efforts. The Singapore route is expected to offer greater convenience for passengers traveling for business or returning home and will contribute to growth in economic activities.

Narita Airport will continue to expand its network to offer our customers a more convenient selection of destinations. We invite you to take advantage of the network of destinations and services provided by Narita Airport, now made even better by ZIPAIR's Singapore service.

Airfare

The carrier will provide two types of airfares: "ZIP Full-Flat Value" and "Standard Value," offering two classes of service on a Boeing 787 configured aircraft. In addition, ZIPAIR features a "U6 Standard Value" fare for children under seven years of age at a flat rate of JPY5,000 per sector. This flexible and convenient service enables children, including infants under two years of age, to reserve a confirmed seat.

(1) Fare Information

Fare Type	Fare (per seat, one-way)		Age
	Tokyo – Singapore	Singapore – Tokyo	
ZIP Full-Flat Value	JPY50,000-397,000	SGD649-5,149	7 years and older
Standard Value	JPY15,000-295,000	SGD195-3,826	7 years and older
U6 Standard Value	JPY5,000	SGD65	Less than 7 years

- In addition to the airfare, airport charges, fees, and taxes are required.
- Each fare includes a maximum of 7kg of carry-on baggage per passenger.
- Additional fees apply for optional meals, checked baggage(s), and for advanced seat selection.
- Airfares (excluding U6 Standard Value) will fluctuate subject to the availability of each flight.

Comment by Shingo Nishida, President of ZIPAIR Tokyo

"We are pleased to announce that ZIPAIR is expanding our international network this September and will feature scheduled service to Singapore as our fourth destination. Singapore is not only known as a global financial and logistics hub in Southeast Asia, but also an attractive city featuring a multi-ethnic culture."

"As the impact of COVID-19 continues, we believe that the best way to contribute to society today is to transport cargo and support the global supply chain using our Boeing 787 aircraft, while continuing to prepare for the day we can welcome back customers to travel freely between various countries and continents. ZIPAIR has implemented key measures against COVID-19 and is prepared to provide safe and secure flights, which includes the distribution of our ZIPAIR Care Kit and have applied an anti-viral and anti-bacterial coating throughout the cabin to protect our valued customers."

"Due to the impact of COVID-19, restrictions on entry into both countries are still in effect, but we hope that our new service to Singapore will provide a new convenient option for those who need to travel to and from Japan for business or pleasure."
