## ASL Airlines Belgium to Launch Cargo Flights Between Narita – Liege on 1 October!

ASL Airlines Belgium (IATA code: 3V) will launch a new cargo service between Narita and Liege on Saturday, 1 October 2022. Established in 1999, ASL Airlines Belgium is a cargo-focused airline based in Belgium which provides air cargo transport services across its extensive network mainly in Europe. This new service is the first route to link Narita and Liege in Belgium.

The airline carries a wide range of cargo from its base at Liege Airport across its wide network to countries in Europe and is expected to add further stimulus to air cargo logistics between Japan and Europe. Narita Airport will continue to work on expanding its international cargo network in order to provide even more convenient services.
