

28 April 2023

## ZIPAIR to launch Narita – Manila Service on 1 July 2023

ZIPAIR (IATA code: ZG) will launch a new service between Narita and Manila on July 1, 2023. The Manila service will be the airline's 8th route based at Narita Airport and its third destination in South East Asia alongside Bangkok and Singapore.

Manila is the capital city of the Philippines and is gaining popularity not only for tourism but also as a place to study abroad, and as demand for travel from Japan increases, the number of visitors from the Philippines is also expected to increase further.

We recommend this service as a new travel option for summer vacation leisure, overseas study or work, or for visiting friends and relatives.

Manila Baywalk Dolomite Beach

Casa Manila Museum
