New Narita - Cheongju Route to be Launched by Aero K on August 3, 2023

Aero K (IATA code: RF) will launch a scheduled passenger service between Narita and Cheongju on Thursday, 3 August 2023. Aero K is an LCC based in Cheongju, South Korea and this is the first service at Narita Airport. It is also Narita Airport's first direct connection to Cheongju, which is a welcome addition to its expanding South Korea network. Cheongju is the capital of Chungcheong Province, well known as Baekje, was one of the three Kingdoms of Korea. The lifestyles and historical aspects of that period can be experienced at the Cheongju National Museum and Sangdang Sanseong Fortress. There are many locations for shopping or enjoying the local delicacy, Samgyeopsal (grilled pork belly), such as Cheongju's Seongan-gil and the Suamgol café street which have become popular with younger generations in recent years. Take advantage of Narita Airport's network, now even more convenient with the new Aero K service.

Suamgol café street

Sangdang Sanseong Fortress
