## New Narita – Seoul (Incheon) Service to be Launched by AirJapan on February 22, 2024

AirJapan (IATA code: NQ) will launch a scheduled passenger service between Narita and Seoul (Incheon) on Thursday, February 22, 2024. The Narita – Seoul route has been used by the largest number of passengers at Narita in 2023. We expect AirJapan’s inauguration, delivering a high-quality and comfortable in-flight experience at an affordable price, will serve as a new option for passengers.

Seoul, the renowned capital of South Korea, is a charming city that offers a variety of attractions for people of all ages, including history, culture, food, and shopping. Gwanghwamun, Gyeongbokgung Palace’s gate, has historically served as the entrance to the palace which Korean kings resided in. Eating around and shopping in the bustling hub, Myeongdong is also appealing.

Take full advantage of Narita Airport’s expanding network to / from Seoul with the inauguration by AirJapan, serving affordable yet premium in-flight experience.

Gwanghwamun

Myeongdong
