New Narita – Vancouver Service to be Launched by ZIPAIR on March 13, 2024

ZIPAIR (IATA code: ZG) will launch a scheduled passenger service between Narita and Vancouver on Wednesday, March 13, 2024. This will be their fourth route to North America and their first to Canada. We expect the service will serve as a new route option for passengers since it will allow passengers not only to utilize their time in Canada, but to improve connectivity to domestic Canada and US destinations by arriving at Vancouver in the morning earlier than any other flight from Narita.

Vancouver fascinates people world-wide with its modernity and beautiful nature, including ‘Stanley Park,’ and ‘Granville Island Public Market.’

Take full advantage of Narita Airport’s expanding network to / from Vancouver with the inauguration of ZIPAIR’s new flight.

< Stanley Park >

< Granville Island Public Market >
