

## Jetstar to Launch New Narita-Melbourne Service!

Tokyo, 16 April 2014: We are delighted to announce the launch of a new Narita-Melbourne service with 4 flights a week to be operated by Jetstar (IATA Code: JQ) from Wednesday, 30 April 2014.

Melbourne is the second largest city in Australia after Sydney. It is a beautiful verdant city with many historic buildings and numerous parks and gardens. It is rich in ethnic and culinary diversity owing to communities of immigrants who have settled there from all over the world. Moreover, the city also hosts international sporting events such as the Australian Open Tennis Championships and Formula 1 Australian Grand Prix, which add an extra zest to an already attractive travel destination.

With this new service, Narita will become the only airport in Japan to have a direct air link with Melbourne. Besides improving access to the southern regions of Australia around Melbourne, the new service will offer a greater choice of destinations from Narita, making it more convenient for passengers to travel around Australia and enjoy its wealth of impressive sights.

We invite you to take advantage of Narita Airport and its growing selection of direct services when traveling to Australia.

For further information, please visit the official Jetstar website at: <http://www.jetstar.com>
