

## Japanese Hospitality "OMOTENASHI" - December Program of Events -

Tokyo, 26 November 2015: In December, we are hosting more events that highlight unique aspects of Japan for travelers from overseas to encourage them to visit Japan again in the near future.

The program for this month will include a Samurai walk-by event, which is popular with visitors to Japan, a traditional Japanese culture corner, and concerts on Japanese themes, offering visitors the chance to enjoy watching, making and listening to the culture of Japan first hand.

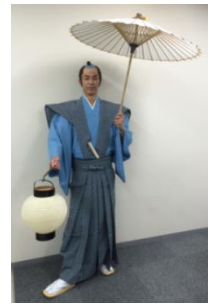

Please refer to the attachment for more details of each event.

### Samurai Walk-By

Samurai warriors, regarded as a symbol of traditional Japan, will be appearing before passengers waiting to board their flights. They will make guests feel as if they have momentarily slipped back in time to ancient Japan, right here at the airport.

We will also distribute event information papers with explanations on Samurai in Japanese, English, Chinese and Korean.

Feel free to take photos as a fond memory of Japan before you fly home!

### Traditional Japanese Culture Experience Corner

This corner offers visitors from abroad a chance to experience traditional Japanese culture in casual settings. This month, guests can experience making Mizuhiki (decorative cord presentations) and Daruma dolls as well as lessons on paper craft.

These are Japanese cultural crafts that are enjoyable to make and very popular as souvenirs.

### Japanese Concerts ♪

Our terminal concert program will feature a variety of performances again this month under the theme of Nippon. The lineup includes "NIPPON MUSIC LIVE" featuring performers in costume playing contemporary tunes and nostalgic melodies, as well as "KOTO LIVE" offering airport visitors the opportunity to participate in a Koto music class and enjoy the sounds of this Japanese instrument live.
