

A first for airports in Japan!**Fast Lane Service to Begin at Narita Airport Immigration****– Faster, Stress-Free Entry Procedure for Foreign Conference Attendees and VIPs –**

Tokyo, 18 March 2016: Narita International Airport Corporation (NAA) will begin Fast Lane operation in the inbound passport control areas of Terminal 1 and Terminal 2 on March 30, 2016, as the first such service at a Japanese airport. The service, which will also begin at Kansai International Airport, is provided with the cooperation of government agencies including the Ministry of Land, Infrastructure, Transport and Tourism as well as Japan Tourism Agency, and airline companies.

Fast Lane will speed up the Immigration procedures at Narita Airport by providing dedicated passport control lanes for certain foreign visitors who are conference attendees, VIPs, etc. The government authorized NAA to operate Fast Lane as part of Japan's Action Program towards the Realization of a Tourism-Oriented Country 2015.

Details about Fast Lane operation are provided on the attached sheet.

As the number of foreign visitors to Japan grows rapidly towards 2020, Narita Airport will make arrival procedures as rapid and stress-free as possible, in order to continue serving as one of the most comfortable airports in the world.
