

Japanese Hospitality "OMOTENASHI" - June Program of Events -

Tokyo, 26 May 2016: In June, we are hosting more events that highlight unique aspects of Japan for visitors from overseas to encourage them to experience our culture and visit us again.

This will include a performance and a meet and greet event by globally popular ninjas, a hydrangea exhibition, as well as a food replica making workshop and the traditional Japanese culture corner.

Please refer to the attachment for more details of each event.

March of Hattori Hanzo and the Ninjas

Hattori Hanzo and the Ninjas, a group of ninja performers based in Aichi Prefecture, will appear at Narita Airport.

Enjoy their impressive acrobatic performance on stage.

After the performance, the ninjas will parade around the departure and arrival areas of the passenger terminal and make stops to have their photo taken with airport guests.

Garden of Early Summer Hydrangeas

Hydrangeas, symbolic flowers of Narita City which color the landscapes of Japan in June, will be on display at the airport. A Japanese garden featuring a rich variety of hydrangeas will be decorated with lanterns and green bamboo to create an authentic Japanese area which will be ideal for taking photos.

Food Replica Making

We are holding a workshop for making food replicas which are popular gifts among visitors from abroad. Customers can experience making a boxed meal for a taste of Japanese food culture.

The items you make at the workshop may be taken home as a souvenir.

Japanese Cultural Experience Corner

Once again, airport users will be able to experience Japanese culture and take photographs in the popular corner of the passenger terminal.

In June, customers are invited to experience printing an Ukiyo-e, which is very popular as a souvenir, make Chigiri-e (torn paper collages) and try on a kimono or samurai armor.
