

Japanese Hospitality - December Program of Events

Tokyo, 24 November 2016: We are hosting season's events that highlight the unique aspects of Japan to offer travelers from overseas to experience our culture and encourage to visit us again.

In December, events will include an exhibition of Bonkei representing exquisite scenery from around the world and a Chushingura (story of loyal and dutiful Samurai of the early 1700s) .

Bonkei – World of Beautiful Miniature Scenery Exhibition

Similar to Bonsai, Bonkei (盆景, tray landscape) is a traditional Japanese art in which the artist reproduces natural landscapes and scenery in miniature on a tray or in a frame three dimensionally, using mainly dry materials like rock, papier-mâché or cement mixtures, and sand. Depending on the angle of perspective, these works create a sense of depth as if you are looking at actual landscapes. Please enjoy the portrays of the world's tourist spots.

Chushingura Procession

NEW!

Chushingura (translated in a book "The Treasury of Loyal Retainers") is a popular play in Kabuki and Japanese puppet shows depicting the 47 loyal retainers of the Ako clan, often performed towards the end of the year. A procession of this Ako samurai band will be reproduced in the terminal.
