**First in
Japan**
**New App Service To Help Visitors Book and Pay Local Tours
- Free SIM Cards Available at Narita Airport -**

Narita Airport in collaboration with WAmazing Inc.(※) will offer a smartphone app service, WAmazing, to assist visitors to Japan arriving at Narita Airport with Local visits to offer greater satisfaction for their stay. This is the first service in Japan that will provide highly desired assistance for the foreign visitors with communications, transportation and recommendations for sightseeing and attractive places to visits. Initially, the service will be available for visitors from Taiwan and Hong Kong (where Traditional Chinese is used) and gradually expand to other languages such as English, Simplified Chinese and Korean.

■ WAmazing Uses

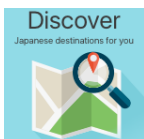

* At initial launch. Functionalities will be added in stages.

Free Internet in Japan

User will receive a free SIM card on arrival at Narita Airport (up to 500MB of data or usage for 5 days). Additional data or time can be purchased through the app.
